

KS2 CHALLENGE OF THE WEEK

Our school book week starts on the 9th February 2009 but our book fair starts next week—Wednesday 4th Feb. As part of our celebrations we have authors coming into school to share their stories with us. Story telling is one of the oldest traditions that humans have. Our ancestors told stories to help understand and explain the world they lived in. This weeks challenge is to:

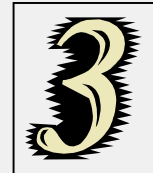

Find an old story, myth or legend that tries to explain how the world was made. The story you find can be from any country, culture or tradition (Greeks, Romans and Egyptians all told stories to explain the world).

Write it down in your own words—with illustrations if you can so that we can make a collection for book week. If you can't find a traditional tale try making up one of your own.

CHARLIE'S HOMEWORK

Charlie says 'Can you choose 3 numbers and write them on 3 pieces of paper.'

See how many different numbers you can make by only using the three digits you have chosen.
